Profession Biologist

Current position Fisheries scientist at the Demersal Fish Department, Faroe Marine Research Institute

Education

1979	Cand. scient. Biology, University of Copenhagen
1980	Certificate of proficiency in secondary education in biology, Ministry of Education, Copenhagen
1980	Certificate of proficiency in sailing, of the Faroes, Tórshavn
1987	Certificate in acoustic instruments for fisheries research

Main assignments

1979 - 1986	Highschool teacher in biology, fisheries science and geography at The Highschool of the Faroes
1979 - 1984	Temporary teacher in biology at the Faroese College of Education
1982 -	Temporary teacher in biology and fisheries science at the University of the Faroes
1984 - 1989	Temporary teacher in fisheries science at The Faroe Islands Business School
1986 -	Scientist (fisheries biologist) at the Faroe Marine Research Institute. Head of Department 1991-2016.

Selected offices

1986 - 1998	Co-Editor of the journal "Fiskirannsóknir"
1986 -	Member of the ICES North-Western Working Group
1986 -	Adviser for the Faroese Government in Fisheries negotiations
1990 -	Member of the ICES Working Group on Cod and Climate Change
1990 -	Member of the ICES Arctic Fisheries Working Group
1991 -	Member of the ICES Study (Planning) Group on Redfish Stocks
1992 - 2000	Member of the ICES Northern Shelf Working Group
1994 -	Member of the ICES Working Group on the Biology and Assessment of Deep-Sea Fisheries Resources
1995 - 1998	Chairman of the North Western Working Group in The International Council for the Exploration of the Sea (ICES)
1995 - 2008	Member for the Faroe Islands in the ICES Advisory Committee on Fishery Management (ACFM)
1996 - 2000	Member of the Faroese Research Council
1996 - 2001	Member of the Faroese Advisory Committee on Fisheries Management
2004 - 2008	ACFM Sub-Group chairman
2004 - 2009	Member for Denmark in the ICES Resource Management Committee
2008 -	Member (observer) for the Faroe Islands in the ICES Advisory Committee (ACOM)

Main qualifications & working experience

- Biological investigations of and stock assessments on demersal fish species
- Biological studies on deep water fish resources

- Recruitment studies
- Stomach analysis and multi-species interactions
- 0-group surveys
- Bottom trawl surveys
- Exploratory fisheries
- Adviser on fisheries and fisheries management
- Teacher in biology and fisheries at several levels including highschool, college of education, business school and university
